Role of Pharmacists in Combating Antimicrobial Resistance

B. PHARM • BATCH 2025–29

PRESENTED BY

MUSKAN & AMIT

WORLD PHARMACISTS DAY 2026

SWASTH BHARAT

**Role of Pharmacists in
Combatting Antimicrobial Resistance**

| 25 SEPTEMBER 2026

"Empowering pharmacists for healthier futures"

A simple message for a healthier India

SAFE
RESPONSIBLE
HEALTHIER
TOGETHER

PHARMACISTS
BUILD
HEALTHIER
TOMORROWS

WORLD PHARMACISTS DAY

A day to recognise the people behind safe and effective medicines.

01

25 SEPTEMBER

Celebrated every year as World Pharmacists Day.

02

PHARMACISTS

Help patients use medicines safely and correctly.

03

2026 THEME

Empowering pharmacists for healthier futures.

*Pharmacists
for a Healthier India*

SAFE MEDICINES
HEALTHIER PEOPLE
STRONGER INDIA

WHEN MEDICINES **STOP WORKING** AGAINST GERMS

AMR happens when germs change and medicines become less effective against them.

*Prevent
Preserve
Protect
Together*

Result: infections can become harder to treat.

Why Should We Care About AMR?

THE CHALLENGE

TREATMENT

Some infections become harder to treat.

PATIENTS

Treatment may become longer, more complex or more costly.

SOCIETY

Resistant germs can spread between people and communities.

*Healthier People
Stronger India*

THE PROBLEM IS OFTEN MISUSE — **NOT THE MEDICINE ITSELF.**

*Use
Antibiotics
Responsibly*

01

Unnecessary
use of antibiotics

02

Wrong dose
or duration

03

Self-medication

04

Stopping treatment
without professional
advice

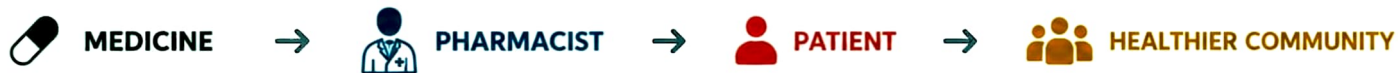

05

Poor infection
prevention

The Pharmacist: A Key Link

WHY PHARMACISTS MATTER

MEDICINE EXPERT

Dose • interactions • safety •
appropriate use

PATIENT COUNSELLOR

Clear instructions • adherence •
prevention

HEALTHCARE TEAM

Stewardship • monitoring •
collaboration

*Pharmacists
Build Healthier
Communities*

WORLD PHARMACISTS DAY • 25 SEPTEMBER 2026

SAFE MEDICINES
HEALTHIER PEOPLE
STRONGER INDIA

Role 1 — Promote Rational Use

PHARMACIST ACTION

USE THE RIGHT MEDICINE • FOR THE RIGHT PATIENT • IN THE RIGHT WAY

CHECK

Prescription, dose, route, duration,
allergies and interactions.

PREVENT MISUSE

Discourage antibiotic self-medication
and inappropriate use.

*Rational Use
Healthier Tomorrows*

WORLD PHARMACISTS DAY • 25 SEPTEMBER 2026

SAFE MEDICINES
HEALTHIER PEOPLE
STRONGER INDIA

STEWARDSHIP = USING ANTIMICROBIALS RESPONSIBLY

*Right Use
Better Care
Brighter
Tomorrow*

SELECT

Support appropriate antimicrobial choice.

REVIEW

Monitor dose, duration, response and safety.

OPTIMISE

Reduce unnecessary antimicrobial exposure.

Role 3 — Educate & Prevent

PATIENTS + COMMUNITY

NO SELF-MEDICATION

Do not start antibiotics without professional advice.

NO SHARING

Do not share leftover antimicrobials with others.

PREVENT INFECTION

Hand hygiene, vaccination and safe practices reduce infections.

A HEALTHIER INDIA IS A SHARED RESPONSIBILITY.

*Together
for a
Swasth Bharat*

PHARMACIST

Educate • Check • Counsel •
Monitor

PATIENT

Follow advice • Avoid self-
medication

HEALTHCARE TEAM

Diagnose • Treat • Prevent •
Collaborate

**“USE ANTIMICROBIALS WISELY TODAY,
SO THEY CAN WORK TOMORROW.”**

Empower pharmacists. Protect patients. Protect the future.

SWASTH BHARAT • SAFE MEDICINES • RESPONSIBLE USE

CONCLUSION

Small actions. Big impact.

USE ANTIBIOTICS WISELY

Only when needed,
only as prescribed.

SPREAD AWARENESS

Educate patients,
families and
communities.

STRENGTHEN STEWARDSHIP

Work together
across healthcare
professionals.

BUILD A HEALTHIER TOMORROW

Protect effective
medicines for
future generations.

TOGETHER FOR A SWASTH BHARAT

Let's stand together — patients, pharmacists, healthcare professionals
and communities — to combat antimicrobial resistance
and ensure a healthier, safer tomorrow.

Swasth
Bharat
Stronger
Tomorrow

THANK YOU

Let us build a Swasth Bharat — together.
